FAIR OVERVIEW

Meeet at Agra is on the verge of crossing another Landmark - the year 2024 will see the organization of the Fair at the AGRA TRADE CENTRE - a Venue indigenously developed by the Shoe Fraternity of Agra to give a boost to Conventions, Conferences, Seminars and Trade Fairs of the Footwear Industry. The Organizers and the Managers of the Fair look forward to welcoming all the Exhibitors, Associates, Participants and Visitors to this State of the Art Facility !! Meet at Agra, the Leather, Footwear Components & Technology Fair, 2024 establishes its unique position in the footwear industry and is known as the 'premier event' for national and international organizations seeking business opportunities in India's huge domestic market. The exhibition was conceptualized to bring together a variety of leather, footwear components and machinery & equipment manufacturers from across the world with a view to share the same business platform and enhance the benchmarks of footwear technology and service.

The overall objectives that were set for Meet at Agra were:

- To meet its growth projections vis-a-vis the increase in the quantum of exports;
- To mobilize the exhibitor participation;
- To maximize the overall footfall in the fair, while at the same time strive to optimize 'sharing and collaborating' at global levels.

SECTOR OVERVIEW

India is the second largest global producer of Footwear after China with annual production of 2080 million pairs. The Footwear Sector is a very significant segment of the Leather industry in India -rather it is Engine of Growth for the entire Leather Industry.

The Indian footwear market, currently valued at \$26 billion, is expected to reach \$90 billion by 2030. This growth will be driven by increase in non-leather footwear demand and possible shift in leather shoe production from small-scale, cottage industries to large corporates.

The historic city of Agra is the biggest Footwear cluster of India. Agra is known for footwear manufacturing since the 15th century Agra has about 250 mechanized/semi mechanized units & 5,000 Cottage Industries accounting for manufacturing capacity of 3,00,000 to 5,00,000 pairs per day. It provides about 4,00,000 Jobs in the cluster. Today Agra meets 65% of domestic requirement & has 28% share in the total footwear exports from the country.

ABOUT AFMEC

The Agra Footwear Manufacturers and Exporters Chamber (AFMEC) acts as a Sector Catalyst in influencing policy decisions by creating an atmosphere of mutual awareness on issues of common interest. It achieves this by acting as a bridge that connects the various Government Agencies with the thought process of the Industry. In doing so it initiates appropriate strategic thinking at the Macro Level and attempts to streamline operational inefficiencies at the ground level. As International participants, the members of AFMEC ensure a platform of business exchange, thereby ensuring collaborations with their foreign counterparts and aligning sector best practices in India and abroad.

From AFMEC President's Desk

Dear Industries Fellows

I'm pleased to announce the upcoming "Meet at Agra 2024," a premier Component & Technology B2B Fair, scheduled to be held on the 8th, 9th, and 10th of November 2024 at the Agra Trade Centre, Village Singhna, NH-19, Agra.

This year, we are expecting an even greater number of exhibitors from across India and overseas, showcasing the latest advancements and innovations in the footwear industry. Agra, being the largest footwear manufacturing cluster in India, is the perfect venue for this grand event.

We strongly appeal to all members of the footwear industry to participate in this significant fair. Your presence and participation are crucial for fostering new business relationships, exploring technological advancements, and strengthening our industry's future.

We are excited to welcome you to "Meet at Agra 2024." Let's come together to make this event a remarkable success.

Dear Exhibitors & Visitors,
Greetings From Meet at Agra 2024.

BUSINESS OPPORTUNITY FOR COLLABORATION & JOINT VENTURE

This time Excellent Opportunities available for Joint Venture & Collaboration for Indian Companies as well as for Suppliers from Abroad.

Agra is one of the prominent hub for Manufacture & Supply of High Fashion Leather Footwear for Men's, Ladies & Children.

This market churns an annual export turnover of more than \$ 400 Millions & has a huge potential for growth. To make Manufacturing & exports successful, ample availability of raw materials in vicinity is most important Thus, component industry too has flourished & is now following international standards of quality & are capable of meeting international demands.

The component manufacturers are open to have Joint Venture & Collaboration for Manufacture in Agra as per terms & conditions mutually agreed. Thus, foreign companies can expand their horizon of working to have local manufacturing presence. Local manufacturing reduces the cost in terms of Import Duty, Freight, as well as faster deliveries are pivotal for growth of industry. This season of 'Meet at Agra' we invite you all to showcase your strength in the fair, as well as find a suitable business partner for your Journey of Growth.
